📍 Sobral - Ceará, Brasil

PROFILE SUMMARY

Finishing a course in Computer Engineering at UFC with knowledge mainly in Front End and web development using the React ecosystem technologies, I've already worked in a startup, an internship and in a multinational company even before I graduated, I learned to solve problems in a practical way even being very young. I am looking for opportunities to apply my knowledge, learn and aggregate with my expertise

ACADEMIC EDUCATION

Bachelor in Computer Engineering, Federal University of Ceará, 2023

PROFESSIONAL EXPERIENCE

StartUp in Mobile Development, LISD(Liga de Informática e Saúde Digital), 2020/03 - 2022/01
